[N. M. Stock Grower.]

Interest in the National Association to be held in St. Louis next fall, is increasing in the west. Stock raisers begin to realize that a strong national organization properly managed can do much good in regulating matters affecting the great industry, and the members in attendance at the next meeting will devote their time to a thorough discussion of every important proposition presented, and work to secure some relief legislation for \$5 00 their ranges from any damaging measures which may be proposed by the demagagues and blatherskites at present so numerous in our national legis-

> The proposition 'advanced by Mr. Israel King, of Hudson, N. M., in an article published in the last issue of the Stock Grower, that the occupants of the grazing lands of this country have the same power to regulate local matters as is given miners, who form districts, and make local laws to step toward the settlement of the much agitated question, and could easily be framed so as to be satisfactory to all.

THE OLD COW.

Who in the midst of the busy cares It is now settled that the removal of an active business, away down in of stock from the Indian territory will the middle of life does not reflect in moments of rest upon the companions of his childhood and youth. As President Cleveland's order for the we turn the leaves in the book of removal of all fences from the public memory and review the faces and domain comes like a tornado on the forms of old associates, the gentle ranchmen throughout the west, and family cow comes to view. How well will cause the suspension of wire we remember our oft impatient waitfence manufacturing. Cleveland ing in childhood for mother to preseems to "have it in" for the beef pare us our daily portion of bread and business, and acts as though he in- milk. Yes, and even when mother tended to "do up" every cow man in could not, or would not, provide us with the milk of human kin, how The Live Stock Indicator informs promptly she came to our relief and -injuries not easily discoverable un- the pure and whitened liquid unadulterated and direct from nature's toungiven us life, health and wealth, and many a time she has driven the wolf of want from our humble home, from the plentitous product poured from her udder into our pail and churn. The Phenix Herald of the 8th inst. says: We learned yesterday very directly, that it is Mr. Salisbury's intention to push the work on the Phenix and Maricopa Railroad, when he begins, which will be when he has so prepared matters that the work can be completed without further delay, though it is possible that a commencment may not be made before the latter part of this month.

By the orders published it will be seen that Governor Tritle is determined that only such militia com panies that fulfil the requirements of Will be opened for through traffic between the Pacific Coast and the East, in This is eminently just and proper, as companies, which exist only in name, and that do not fulfil the requirements Railroads. of the law are not entitled to aid from WEST the Territory.

The Phenix Herald compliments our Territorial Treasurerer in a very handsome, but deserving manner. It says: Territorial Treasurer T. J. Butler and lady arrived from Prescott this morning and will visit here for a time. Mr. Butler is deservedly one of the most popular men in Arizona, as he is also one of the most trustworthy hence he has had the honor to hold the keys of the Territorial strong box for a number of years past.

N. O. Murphy, who went to the Atlantic States to get points on railroad and other matters of interest to Arizona, is again in Prescott and, we are told, asserts that the Central Arizona will be completed to Prescott by January 1st, 1886, so of this people will take due notice and brace themselves up accordingly-for it will be a great achievement for Arizona and -T.
